the crystal before closing  
the wound. If you extract  
the Galistrias node, you  
should have room for a  
power crystal. If you feel  
the drone is in need of  
self awareness, then wire  
the power crystal in the

hollow of the chest. You'll  
need several lengths of  
copper, silver or gold  
wire to run between the  
two. Luckily the syrum  
deadens the body's ability  
to feel pain, so you can  
just force it through any

membranes that get in  
the way.
